

# THE BLAIRMORE ENTERPRISE

VOL. XXVI, NO. 41

THE BLAIRMORE ENTERPRISE THURSDAY, OCTOBER 10, 1935.

\$2.00 PER ANNUM

BLAIRMORE UNITED CHURCH

"Serve the Church that the Church May Serve You."

11 a.m.—SENIOR SCHOOL.  
2 p.m.—JUNIOR SCHOOL.  
7.30 p.m.—PUBLIC WORSHIP.

The service on Sunday evening will combine the pioneer Sunday and anniversary Sunday services, the special preacher being Rev. Thomas Powell, D.D., superintendent of missions for Alberta. A gifted speaker, Dr. Powell will bring a message whose inspiration we invite you to come and hear.

The Ladies' Aid will hold their bazaar in the church basement on Saturday afternoon, November 2nd, from 3 to 6 o'clock. This sale will afford all an opportunity to secure useful Christmas presents, needed articles, etc.

## ST. LUKE'S CHURCH NOTES

Rev. A. S. Partington, B.A., Rector

Services Sunday, October 13th:  
10 a.m.—Sunday School.  
7.30 p.m.—Evening song and address.

## BELLEVUE UNITED CHURCH

Pastor Rev. R. Upton

Director of Music  
Mrs. R. Upton, A.T.C.M.

Service Sunday, October 13th:  
Sunday school, 9.30 p.m.  
Public worship, 7.30 p.m.  
Rev. Roy Taylor, B.A., B.D., will conduct the service.

Thursday, October 17th—Organization meeting for young people over 18 years, will be held in the church parlor. This youth movement is international and interdenominational. We cordially invite all young people of the community to attend.

## FOUR PARTIES WILL CONTEST MACLEOD RID., G

Four parties are represented in the nominations of Monday last, contesting the Macleod federal constituency, on Monday next, namely:  
George Gibson Coote, of Nanton, farmer, for re-election.  
Ernest George Hansell, of Vulcan, clergyman, Social Credit.  
John Walter Mathewson, of High River, merchant and agriculturist, Conservative.  
Frank O. McKenna, of Pincher Creek, barrister, Liberal.

## CAR WANTED IN REGINA IS LOCATED HERE

While walking down main street near the local auto campsite on Thursday morning, Const. Smith, R.C.M.P., noticed a car parked by the curb which appeared to tally with the description of a car, a 1927 T-model Ford, reported stolen from Regina some time ago. He took into custody the driver of the car, who gave his name as Paul Germaine, of no fixed abode.

The car proved to answer to the description of the one stolen in Regina, and, being unable to give satisfactory explanation of how he came to be in possession of it, Germaine was held, waiting an escort to take him back to the Saskatchewan capital, where he will be charged with theft of the vehicle.

This is the second stolen car recovered through the local detachment of the R.C.M. Police in the last couple of weeks.

## THE SALVATION ARMY

Coleman, Alberta

Lieutenants Fitch and Pierce

Sunday meetings—Salvation Meeting 7 p.m., Sunday School 3 p.m.

Friday at 7 p.m., young people's meeting. Adults are cordially invited to these meetings.

Ladies' Home League will meet on Tuesday evenings at 7 p.m.

You will be made welcome at the Army in Coleman, with their happy singing, etc.

## GEO. E. CRICKSHANK NAMED PRESIDENT

At the concluding session of the Amateur Athletic Union of Canada meeting in Cardston on Monday, George E. Crickshank, of Hillcrest, was unanimously elected president, with B. W. McBeth, of Calgary, first vice-president; J. W. McPhee, of Taber, second vice-president; J. W. McLean, Red Deer, third vice-president, and B. W. Bellamy, Wetaskiwin, secretary-treasurer.

The afternoon session covered a multitude of points vital to the interest of the Association's work, delegates devoting the entire day to discussion, and resolutions. The meeting stood adjourned at 6.30 p.m., most delegates leaving for their homes immediately.

The delegates reaffirmed their stand regarding the mingling of amateurs with professionals, thus preventing pro hockey players from competing in amateur baseball.

Simplification of the rules relating to Alberta teams playing in Montana was asked. The rule is very cumbersome at present and much interest is taken in such games.

Secretary-treasurer, or other nominees of each affiliated body should be held responsible for issuing amateur cards to all applicants in each district, rather than impose this responsibility on the provincial secretary.

Age for free amateur cards remains at 18 years, thus defeating a motion brought in which aimed to raise the age to 20 years.

Executive is given power to decide dates and places for all applications for finals in boxing and other meers for the coming year.

Invitation was sent to A.A.U. of C. to hold next "1936" convention in Calgary. This year's convention is to be held in Halifax.

Judge Jackson, chairman of the Olympic committee, in a lengthy address, advocated a change in the procedure of selecting contestants to go east, arguing only two or three should be sent, who are outstanding athletes, rather than send a whole batch of them in all events. Similarly in selecting Canadian Olympic material, only outstanding athletes should be sent to Berlin, not more than two or three of Canada's best, citing Ireland's entry at Los Angeles, being only three entries which achieved the notable success of Ireland. In selecting material, eliminations should not be held, but selection should be made by sending scouts out over Canada, finding outstanding material wherever it is and taking this material and training it for Olympics. He also urged that protests be sent forward to the Canadian Olympic committee regarding lack of representation on that committee from the west, only one member being at present on it, viz. the dominion secretary living at Edmonton.

Hauptmann's conviction has been upheld and he must pay the supreme penalty, unless saved by the Court of Pardons, or Supreme Court, for the kidnapping-murder of Charles Augustus Lindbergh, Jr.

## GIRL GUIDES, ETC. WELCOME LEADERS

The first rally of the Girl Guides, Brownies and Rangers to be held in Alberta happened to be the lot of Blairmore, when they gathered at the local stadium grounds on Thursday afternoon last, to be inspected by Mrs. E. C. Pardee, provincial commissioner, of Edmonton, who was accompanied by Miss Kathleen McMahon, Dominion field secretary, of Toronto. After the inspection, all paraded to the Columbus hall, where a rally and concert was held.

The complete programme of the rally was as follows: "O Canada"; addresses by Mrs. Pardee and Miss McMahon; First Aid demonstration by Coleman Girl Guides under Capt. Miss Yull; "Brownies of the Wood," by Hillcrest No. 1 pack Brown Owl Mrs. Fry; wand drill by second Coleman Guides under Capt. Mrs. J. Devine; Making the Union Jack by first Blairmore Guides under Capt. Mrs. R. W. H. Pinkney; The Brownie song by Coleman Brownies, pack 1, under Brown Owl Mrs. Williams; pack 2, Mrs. Ryan; pack 3, Miss Nicholas; Irish lilt by Coleman Rangers under Capt. Mrs. L. Borden; "Queen of Hearts" by Blairmore Brownies under Brown Owl Mrs. L. L. Morgan; flag drill by Coleman Brownies pack 1, under Brown Owl Mrs. Williams; life saving drill by Blairmore, Bellevue and Coleman Rangers and Guides; tap dance by Hillcrest Rangers under Capt. Mrs. Henderson; gymnastic performance, Bellevue Guides, under Capt. Miss Emmerson; Bellevue Brownies under Brown Owl Miss Gosselink; "God Save The King."

On the Friday following, training instruction was given by Miss McMahon in the Anglican church hall.

During their stay in the Pass, Mrs. Pardee and Miss McMahon were guests of Mrs. (Dr.) Borden and Mrs. Hall at Coleman.

## PREMIERS OF CANADA

Sir John A. MacDonald—Native of Glasgow, Scotland; an Anglican.

Hon. Alexander MacKenzie—Native of Perthshire, Scotland; a Baptist, although his relations with the Presbyterian church, in which he had been brought up, were very close.

Sir J. J. Abbott—Native of Argenteuil, Que.; an Anglican, a son of an Anglican minister.

Sir John Thompson—Native of Halifax, N.S.; a Methodist, who after became a Roman Catholic.

Sir MacKenzie Bowell—Native of Suffolk, England; a Methodist.

Sir Charles Tupper—Native of Amherst, N.S.; an Anglican, although his father was a Baptist minister.

Sir Wilfred Laurier—Native of St. Lin, Que.; a Roman Catholic.

Sir Robert Borden—Native of Grande Pre, N.S.; an Anglican.

Hon. Arthur Meighan—Native of Perth County, Ont.; a Presbyterian.

Hon. W. L. Mackenzie King—Native of Berlin (Kitchener), Ont.; a Presbyterian.

Hon. R. B. Bennett—Native of Hopewell, N. B.; United Church (Methodist).

Pincher Creek illustration farm has been raised to the status of a sub-station.

The battered bodies of two policemen, a mountie and a municipal officer, were found in a slough near Benito, Manitoba, where they had been thrown by three prisoners they were escorting to Pelly, Sask. Search for the escaped convicts proceeded.

Sergeant T. S. Wallace, R.C.M.P., and Constable Harrison died of wounds sustained in an attempt to arrest the trio of Dookhobors near Cochrane. One of the trio was killed, and the other two captured alive after an all night manhunt. The pair, however, died of wounds shortly after their capture.

## NON-BRITISH SUBJECTS WARNED AGAINST ATTEMPTING TO VOTE

Considering applications for naturalization recently, His Honor Judge Tweedie took occasion to issue a warning to those whose applications have been considered favorably, but who are not yet in possession of papers, that attempting to vote without being able to produce the statutory paper document, or if their names are not on the posted and approved list of voters, will be dealt with as a serious offence, carrying severe penalties.

We understand that quite a number from this district were among those whose applications have been considered favorably, but who are not yet in possession of papers. We gladly publish the above for their benefit.

## FOOTBALL CLASSIC SUNDAY

For lovers and supporters of the great old game of football, a treat is in store, when on Sunday afternoon next, at 3.30, weather permitting, Coal Creek and Blairmore will clash in the semi-final for the Muttz cup at the local stadium. Collection.

This should be one of the best games of the season. Both teams have been going strong, Coal Creek having won the Grand Central cup, and Blairmore the Crahan cup.

The winner of this game will meet the winner of the Michel-Ferrie game. The final for the Muttz cup will wind up the season for football in the Crows' Nest Pass.

## TOT DROWNS IN A SEPTIC TANK

FERNIE, B.C., Oct. 7.—Bobby Corrie, twenty-one months old son of Mr. and Mrs. Howard Corrie, of Creston, was drowned at Michel Sunday afternoon.

The child, visiting his grandparents, Mr. and Mrs. Joseph Corrie, apparently wandered into the back yard of the post office, a couple of lots away from home, and there fell into a septic tank with a loose cover. Life was extinct when the body was recovered.

The Corries were residents of Fernie for many years.

## "CRAZY TO REDUCE"

Come and see Tiny lift the dumbbell. See Leana and Fattina get equalized. Hear Mrs. Hemaway's oration on "Husbands." At the United church auditorium, Blairmore, Friday, October the 18th.

## OUR WEEK-END CASH SPECIALS

ALL CHOICE QUALITY MEATS ONLY

Boned and Rolled Beef	Lb 11c

Phone 294 V. KRIVSKY, Prop. P. O. Box 32

## SPECIAL

First Aid Kits ..... 39c

Williams' Shaving Stick, reg. 35c, special with Marbleite Case ..... 25c

A few Bulbs left: Daffodils, Hyacinths, Tulips.

Now is the Time to Plant Them.

## THE BLAIRMORE PHARMACY

Gordon Steves, Prop. Phone 110 Blairmore, Alberta

## Do You Want a RADIO FREE

You can get one of the famous "Victor Globe Trotter" radios and it will not cost you a cent. See this machine and hear it in our store.

### HERE IS HOW TO DO IT

Starting on Saturday, the 5th of October, we will give every customer a ticket with every dollar spent or paid on account. On this ticket the customer writes his or her name and deposits it in a sealed box. On a date to be announced later, the box will be opened by some responsible party and a ticket drawn, the name on the ticket so drawn will win the radio. REMEMBER—a ticket will be given with every dollar spent or paid on account during this event.

In order to make this an outstanding occasion we are going to give special values for every dollar spent with us. Our store will be especially arranged for this event—all goods plainly displayed and as far as possible price tickets will be on everything.

We Guarantee that we will give you Value for Every Dollar Spent with Us.

## WORLD HAPPENINGS BRIEFLY TOLD

Reorganization of the whole Alberta relief system will be undertaken by the new Social Credit government at the earliest possible date, Premier Abernethy stated.

Ninety per cent. of the 1935 graduates of the faculty of applied science and engineering of the University of Toronto have received employment, Dean C. H. Mitchell announced.

Vice-admiral Sir Humphrey Thomas Walwyn has been appointed governor of Newfoundland in succession to Admiral Sir David Murray Anderson, whose term of office expires next spring.

Col. H. C. Osborne, honorary director of the Dominion Drama Festival announced that Miss Wade, noted British stage authority, will be regional adjudicator during competitions in the 1936 festival.

Charlotte Acres, the Vancouver girl who won the five-mile swim at the Canadian National Exhibition at Toronto, said on her return home she may try to swim the English Channel next year.

As a gesture toward wiping out animosities of the Great War, the South Australian government, on the eve of a provincial election, decided to restore the German names of four towns.

For sale: One island, in excellent condition. The city of Vancouver has an island on its hands, and is looking for a prospective buyer. As an inducement, the city will build a bridge from the mainland to the island if the price is right.

Sir Malcolm Campbell has purchased Haddon Grove, a fine Georgian residence near Epsom, but Lady Campbell is authority for the statement that he is not going to settle down quietly as a country gentleman. "He will never give up his motor-racing interests," she says.

### Discover Old Catacombs

Excavators in Poland Find Grim Relics Of Polish Revolt

Grim relics of the unsuccessful Polish revolt against Russian rule in 1863 have been found in a monastery at Vilna. Legend has always related that Vilna was honeycombed with underground passages, and recently excavations were undertaken to find them. After several days work tapping the floor of the 16th century Dominican convent the excavators found an underground passage beginning near the altar steps. Below was the old Dominican cemetery. Rows and rows of defunct monks lay in open coffins on slabs. In an adjoining chamber a ghastly sight greeted the explorers. The bones of men in heaps were bodies of men, women and children, not decomposed, owing to lack of air. They were the remains of rebels who had hidden in the catacombs, been found and massacred by the Russians, and left where they had fallen.

### China's Women Pirates

Terror Stricken Travellers Found They Were A Reality

China's women pirates, seldom seen but famous in song and story along the South China coast, were a grim reality to 300 terror-stricken Chinese travellers who arrived at Amoy aboard the coastal steamer Lokking. They and the ship were in the hands of two female buccanniers and 40 male subordinates for four days. The passengers and ship were robbed of \$250,000 in cash and silver bars, and the pirates, after killing one passenger and wounding three, escaped in a small boat to a pirate stronghold. The victims said the female chieftains were a strange mixture of merciless outlaws and sentimental womanhood. Before escaping to shore they gave a brother of the slain passenger \$70 "to provide a funeral" and \$250 to each passenger "for transportation."

A join of mutton was on the table, and the gentleman opposite took the carver in hand. "Shall I cut it sà la vie?" quoth he. "You had better cut it birdlike," said his friend. "For then we shall stand a chance of getting a bit in our mouths."

Something like shipping coals to Nova Scotia; South Africa imported 475,000 cwt. of wheat from Canada in 1934. Canada was the only source of supply, the South Africa deficiency of wheat arising out of a shortage of production.

A new plastic "glass" has nothing in common with ordinary glass, except its transparency. It is probably a cellulose derivative like cellophane.

## Praises Men In North

Well Worth Working For States Bishop Of The Arctic

Arctic citizens, white and native, of Canada are decent, law-abiding people, well worth working for, Right Rev. A. L. Fleming, Bishop of the Arctic, a former rector of Saint John N.B., said on his arrival in Winnipeg from the East over Canadian National Railways.

"I have a great admiration for the white man of the North," Bishop Fleming said, "not because he is a religious man. Some of them are. Many are not. But because he is a real man, facing hardships with courage."

The health of the Eskimo, due to a combination of causes, is better than it was. In the first place, missionaries, the Hudson's Bay Company, and the R.C.M.P. were all able to give out destitute rations in time of epidemic or shortage of food, and the Dominion Government would refund the expenditures. In the old days the natives simply died without care. Increase of hospitalization and better medical superintendence gave the natives a better chance at healthy survival. Trading and police post staffs had some knowledge of medicine which was available to the sufferer, where there was no hospital.

In Bishop Fleming's diocese, which includes all of Canada within the Arctic circle and dips down to the 54th parallel at Port George, hospitals are operated under his supervision, one at Pangnirtung, Baffin Land, and the other at Aklavik, at the mouth of the Mackenzie River.

Eskimo youth, graduating from mission schools were being absorbed into the growing life of the North. But they "must be trained in the North," said Dr. Fleming. He told of boys from the Anglican residential school at Shingle Point, Mackenzie River, being taken on as apprentices in herding the reindeer recently brought to that part of the country. He saw a future for Eskimos in this work.

### Dionne Quintuplets Bowl

Offered As Gift

A surprise gift offer which will interest every parent, every child and, in fact, everyone who has ever heard of the world-famous Dionne Quintuplets, has been announced. The article offered is a cereal bowl created in honour of the five little sisters and called the Dionne Quintuplets Birthday Bowl. Made of shining lifetime-smartly designed in modern lines, and chromium, it is six inches in diameter, and has a charming, lifelike sculpture of the "Quints." On the rim are engraved the names of the Agors or market place. Dr. Shear has unearthed many bodies of women bearing ornaments of iron, including necklaces, rings and bracelets. Dr. Shear's explanation is that iron had just been discovered about that time and replaced in vogue among the women ornaments of gold, bronze, copper and other metals.

### Iron Jewelry Once Prized

Other Metals Replaced By New Discovery In 500 B.C.

Iron jewelry—not gold gems or diamonds—was most prized by the women between the Mycenaean period and 500 years before Christ, Professor T. Leslie Shear, archaeologist of Princeton University, has discovered. In his excavations in the Athenian Agora or market place, Dr. Shear has unearthed many bodies of women bearing ornaments of iron, including necklaces, rings and bracelets. Dr. Shear's explanation is that iron had just been discovered about that time and replaced in vogue among the women ornaments of gold, bronze, copper and other metals.

### Speed 544 To Blame

Bad driving, carelessness, bad manners and many other things contribute to the toll of traffic accidents which causes so much concern today. But the main contributor is still Speed—excessive Speed. Sixty miles an hour, racing speed a few years ago, is now a commonplace. Mental and muscular reactions have not speeded up correspondingly by any means.

The office boy hadn't been there long when his employer looked up from an important letter and said irritably: "Don't whistle at your work, boy!" "I ain't whistling, sir," he replied; "I'm only whistling." 2119

## BRITISH TANKS GIVEN STEEP TESTS

During Tank Brigade exercises in the Avon Valley, the tanks were given a severe test in being made to cross the River Avon. The recent heavy rain has made the adjoining meadows very boggy and a number of tanks found travelling difficult. Our photograph shows a tank successfully crossing a tributary of the River Avon.

### Italian Soldiers Deserting

Hundreds Have No Desire To Fight In Africa

Ludwig Loring, in the New York Post says Italian soldiers are deserting to Switzerland, France and Yugoslavia by the hundreds. They have no desire to give their lives for their Fascist fatherland, preferring the uncertainties of a refugee's existence to the certainty of disease and death which awaits those who go to Africa at the Due's command.

Nuovo Avanti (Paris) publishes interviews with a number of these deserters. "The troops leaving for Africa," says one, "have no faith in the Government's optimistic reports. The Government may deny that disease is ravaging the expeditionary forces. The soldiers know better. You will find a strong anti-war sentiment even among the Fascist faithful. In Milan I was given a leaflet urging young men of Italy to flee, to refuse to go to war. In one district (Rovereto) every soldier with whom I spoke was either indifferent or positively opposed to war. If running away were not a matter of money, hundreds of thousands would have made their way across the borders to evade conscription."

### A Dependable Escort

A strong man to accompany your wife or daughter to parties or shops can now be hired by the hour owing to the enterprise of a retired Budapest police official. You have only to telephone if you are busy in the evening, and a muscular chap will call to escort your wife to the theatre.

### India Becoming Richer

Research Shows Standard Of Living Is Also Higher

India is growing richer rapidly, according to researches made by B. B. Sen, I.C.S., of Bombay, who has been Press Officer to the Government of Bengal. The Government has just published his brochure in which he argues that the higher standard of living can be seen from the increase in the consumption of a large amount of articles imported from foreign countries as well as those of local production. The per capita consumption of cotton cloth in the beginning of the twentieth century was only 8.39 yards; it has now risen to 12.11 yards, an increase of over 50 per cent. He also points out that, while the average income has risen from 20 rupees in 1871 to 107 rupees in 1921, the rise in prices during this period has roughly been two and a half times. This shows, he says, that the real income of the mass of the people has been doubled.

'Up to 1930 Canada was a net importer of canned vegetables but since that year has become a net exporter to an increasing extent, the exports in 1934 being higher than in any year since 1929 when shipments of tomato products to the United States (where the pack was short) were exceptionally heavy.

Otis Vrhunham, Allendale, S.C., has a collection of curious tree growths in the form of numerals, letters of the alphabet, etc. The collection contains more than 1,000 pieces.

## Household Arts

PATTERN 5446

Forward march—that was the order for the Fall best. And it has done just that and we've fallen right in line. Why shouldn't we when it adds that "come hither" look to the flattering beret. You'll like this crocheted one with its matching purse—they're both so easy to make. The chief decoration, the ribs, are arranged in a fan-like design. You can make it of Shetland as well as other wools. So get out the crochet hook and let it work wonders in adding the chic of these matching accessories to your wardrobe. In pattern 5446 you will find complete instructions for making the set shown; an illustration of it and of the stitches needed; material requirements. To obtain this pattern send 20 cents in stamps or coin (conferred) to Household Arts Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg. There is no Alice Brooks pattern book published

## SUNDAY SCHOOL LESSON

ISAIAH PORTRAYS THE SUFFERING SERVANT

Golden text: With his stripes we are healed. Isaiah 53:5.  
Lessons: Isaiah 52:13 to 53:12; John 19:17-37.  
Devotional Reading: Revelation 6:9-14.

### Explanations And Comments

The Servant of Jehovah a Man of Sorrows, verses 1-3. Who is meant by the term the servant of Jehovah? Incidental allusions to the Servant of Jehovah are scattered throughout the second part of the Book of Isaiah, but the main passages are these: 41:8-20; 42:1-7; 49:1-25; 50:4-10; 52:13 to 54:12. What was the conception in the mind of the prophet? Was the Servant a personification, or a person? If a personification, was he the Israelitish nation as a whole, or the best portion of that nation—the righteous nucleus? The exiles in Babylon, of that part who remained loyal to Jehovah throughout all the trials of the Exile and thus kept alive the true religion? If a person, was he ideal, or real? A prophet, or Hzekiah, or Jehoiachin? Or was he one still to come, the promised Messiah?

The Vicarious Suffering of the Servant of Jehovah, verses 4-6. It has been the burden of others, not his own, that the Servant has suffered; yet we thought that he was stricken, smitten and afflicted by the hand of God because of his own sin, whereas his sufferings were caused—by the burden of others that he was carrying—our transgressions, our iniquities. In the ancient world a great sin was thought to be a great sin. Recall how the friends of Job repeatedly declared or hinted because of some hidden sin of his in the past; and how Jesus protested against the assertion that the men on whom a tower fell were sinners more than most men, Luke 13:3-5.

### One Of Italy's Problems

Cannot Get Essential War Materials Or Foreign Loans

A Rome despatch told of Mussolini imposing new taxation to finance preparations for war, war itself. Such a step might solve his problem at home; it is hard to see how it will help him to buy materials abroad. Italy is heavily dependent upon foreign sources for many of the materials essential to a military effort. She must import cotton, wool, coal, iron, copper, machinery and gasoline. This she can only do by resort to gold, to foreign exchange, or to foreign loans.

Italy can't get the loans in London, and, after the experience of the United States with war debts, it is not likely she can get them in New York. Therefore, she is apart altogether from the fact that sanctions might subject her to economic isolation, Italy's position seems impossible. She might be able to finance a short war; she certainly would be up against difficulty in a long one. All the gold she possesses couldn't begin to buy what a prolonged war would cost—even though the buying were possible.—Ottawa Journal.

### Arabs Form First Parliament

Nomads Of Near East Select Shiek As President

That the Bedouins, the Arab nomads of the Near East, have formed their first "Parliament," has been reported from Cairo, Egypt. Delegates from 76 Bedouin tribes, representing 1,000,000 Bedouins of Egypt, met under the presidency of Shiek El Arab S. E. Hamad El Bassel Pasha. They formed a committee to deal with such questions as the development of compulsory education among Egyptian Bedouins, protection of the rights held by Bedouins, the preservation and maintenance of Bedouin customs, and contribution to the development of intellectual intercourse between the Bedouins of Egypt and those of Arab countries.

### Wheat For Churchill

One And A Half Million Bushels To Be Stored At Bay Port

One and a half million bushels of wheat are being loaded at points on the Canadian National Railways in Saskatchewan for shipment to wheat storage at Churchill on the Hudson Bay for the Saskatchewan Wheat Pool, it was learned.

Most of the wheat will be loaded for Churchill in the Prince Albert division.

Two hundred and fifty cars have been shipped to the port to date, which amounts to approximately 375,000 bushels of wheat.

The White House itself is valued at \$250,000 currently. But that isn't a lick to what the grounds took up to—\$325 per square foot, for a total of \$19,685,975.

Paper linings have been invented for the tops of coffee percolators to prevent the coffee from falling through and facilitate its removal.

## A Colony Of Forgotten People

Families From Southern States Live In Amazon Jungle

The discovery in the Amazon jungle of a colony of "forgotten" people, descendants of aristocratic Southern families who migrated, by Dr. W. H. Hoar, lecturer and Professor of Geology at Northwestern University, Chicago. Dr. Hoar came upon the colony during one of his exploration trips up the Amazon. The colony is named Santerin, and is situated on the banks of the Tapajós River, a tributary of the Amazon. The settlement, Dr. Hoar said, is 600 miles inland from the ocean. In the tiny village of about 300 people, Dr. Hoar met a woman who had moved to the tropics immediately after the war between the States. "She was living in the past," he declared. "As I talked with her she seemed to forget her bedraggled clothes, her bare feet and her primitive surroundings. She recalled her father's extensive plantation back in Alabama, with slaves singing and working in the cotton fields." She told Dr. Hoar that a number of Southern families, who were dissatisfied when their slaves were freed as a result of the war, moved to the Amazon basin, where slavery was permitted and where they hoped to begin life anew. But the hopes of these plantation owners were soon blighted. The moist climate was not fit for growing cotton and there was no market for other products. In the midst of dense forests and located so far from civilization, they could not make contact with prospective buyers. Many of the younger Southerners, dissatisfied with the poverty and ignorance of the village life, returned to the United States. The others remained to eke out an existence by growing pumpkins, cocoa and beans.

### New Optical Apparatus

Instrument Just Produced Makes It Possible To See Heat

For a long time the electrical industry has been looking on account of the heat generated by an electric light bulb tending to rot the flex which suspends it. In consequence, the British Electrical and Allied Industry Research Association asked three young London scientists to find a remedy.

These scientists have been at work for nearly three years and have produced an optical apparatus which makes it possible to see heat. Looking at a suspended electric-light bulb through the instrument, one can see heat like smoke licking round the flex, just above the bulb.

The apparatus can also be put to other useful purposes, for instance, finding the best methods of heating and ventilating rooms, theatres or factories. With a small model of a room one can see the draughts and paths of heat.

A test made with a heated rod made it look like a flaming rod. Even an outwardly cold hand placed against the instrument appears to be on fire, and one's breath, even in a well-smoked room, looks like a jet of tobacco smoke.

The Safety in Mines Research Board are already using the device for discovering the force and effects of explosives.

### Resent Competition

Professional Beggars In Paris Want Protection Against Amateurs

Unfair competition is claimed by Paris beggars. With the approach of the tourist season, the official newspaper of French beggars—Le Journal des Mendicants—published a vigorous editorial calling on all professional charity-seekers to defend their interests against amateurs. This newspaper, which has a tremendous circulation among mendicants, points out that non-professional beggars are trying to crash the beats reserved for professionals. It demands that a united stand be made by all self-respecting members of beggarmood against these "enterprising upstarts."

All classes of agricultural workers in England and Wales, numbering in all 672,100, showed a decrease of 15,900, or 2.3 per cent, in 1935 compared with 1934. The latter year compared with 1933 also showed a decrease of 27,600 workers, or 3.9 per cent.

An Oxford don says that he has kept statistics for years and finds that no red-headed man or woman ever won a first in history at a British university. It is his how he occupies his time it is surprising that anybody got a first, or even a pass.

British excavations in the Shetland Islands reveal remains of buildings of Vikings in the 10th century.

## AN EDITORIAL

Amid the wars or rumors of wars reported today we have need more than ever of the peace Jesus spoke of, the inner assurance of spiritual harmony. With the material manifestations of warring human thought thrown at us in aggravated and more evident form by the news from Ethiopia, mankind in this hour must turn all the more firmly to the active understanding that true peace is indestructible and eternal.

We would not cry, "Peace, peace, when there is no peace." But, we would remember that the hate and greed and other passions that make war are no more real, but only more ripe for destruction when they spring into visible expression.

At a time like this we realize that suspicion will not remove suspicion, hate will not heal hate, greed will not cure greed, injustice will not remedy injustice, war will not end war. Only by applying the opposites of these evils shall we achieve any permanent peace. And only as we begin to understand, as Jesus understood, when he said, "My peace I give unto you," the actual spiritual unity and harmony of men as the sons of one Father, shall we be able to practice the truth, the love, the generosity, the justice and the harmony which represent the underlying reality.

In reporting, as a newspaper, the story of warlike measures of war, the Monitor as a Christian Science publication also bespeaks its readers' attention to the fact of peace.—Christian Science Monitor.

## IS IT APPLE SAUCE?

Well, we know a little more about Social Credit since reading Mr. Farquhar's Rotary address in the News, but we are wondering still more why Alberta voted for it. Mr. Aberhart is well known in Alberta as a Bible teacher and especially as an expounder of the prophetic elements in the Scriptures, so perhaps the people of that province has so much confidence in the man that they hoped he might be the Moses to lead them into the land of promise. Having tried politicians trained in the law, they will now try one trained in the prophets.

But Mr. Aberhart's A plus B theory doesn't look very much like law or prophecy; it looks more like algebra. There appears the school teacher. According to this theory all the trouble in the country is due to the fact that A is not equal to A plus B. Well that seems clear enough, and it's a comfort to know that the trouble is no worse than that. Now the B is the \$18,000,000 that Alberta wants from the Federal treasury; that will put heart in Aberhart. It would put heart in anybody. No, we are not making fun of the Social Credit scheme; what bothers some of us is that it just seems too good to be true. They cannot boast of an Annapolis Valley in Alberta, but it may become famous for its apple sauce—on the other hand, Alberta may save the world.—Timothy Standby in Truro News.

Dairies in the United States have been using the new transparent straws, made of cellophane, in promoting the consumption of milk. They find that they are particularly appealing to children, who were generally fascinated by the sight of milk passing through the straws, and drank more as a result.

## BENNETT'S BEDTIME STORIES

Twice the night before Election, and all through the House Not a person was stirring, not even a mouse; Conservative Members, on Parliament Hill, Were all in their places, expectantly still. The Clock in the Tower could scarcely be heard As seconds and minutes it quietly purled. The Peace Chimes pealed forth in a full-blown croon, Above the Capitol breath a silver moon; The Stars twinkled down in a radiant glory, And listened to Bennett's Revised Bedtime Story.

The Spirits of Tupper, MacDonald, et al., Which huddled and shivered outside in the Hall, Remarked to each other, in tones soft and low, "Tis the tale that he told them near five years ago; "And he tells it right well—not a smile on his face— "Id hate," said Sir John, "to return to his place, "No better should I," said Sir Charles, with a smile, "But he's got us both trimmed, Sir, by many a mile." The Spirits departed to where Spirits go— Just, where that may be, I confess I don't know.

The tale that was told was a tale it should hear; It glistered and bristled and sputtered with cheer; It swept the Atlantic, around to Cape North; On the way to the Prairies, it went gaily forth; And crossing the Rockies it let out a roar, Such as the Canadians had not heard before. But all of them knew, from the words that it spoke, That it was never playing his pre-election joke; And when in the Yukon it spent all its breath, A deep, when it fell, like the silence of Death.

The tale that was told was both hoary and old; Sometimes it blew hot, but the most of times cold; It pleased Pinhead and Tuiet and most of the "Reds," And stood beside a man up and down on their heads. It opened the doors to the rich and the poor, So more of them ever need work any more. I wonder the banks so that cash would be free As air that we breathe, and the Stars that we see. It wiped out the taxes and revamped the law, Till all our Expression looked like Santa Claus.

To those who must work, some provision was made To write checks with pens, or dig dirt with a spade. Some, who would be begging, throughout the whole state, To the laborers few, though the Harvest was great; But no one need work for a day; nor a night, For a field of Utopia were looming in sight. As over the green hills the vast millions rolled To the end of the rainbow with its pot of Gold. And never again would Depression enthral Canadian Homes until Gabriel's call.

Related Prosperity swept the whole land, As Bankers and Peasants now walked hand in hand; The Sheriff and Mortgagee gambled away, As Bailiff and Debtor united in play; The Landlord and Tenant now stood arm in arm, And Farmers divided the spoils of the farm; The street car officials cut down on their fares, As a Street Car handed their clients free shares. Now, the "Is it" Party and is striped of all shame, For only the "Is it" lay down with the Lamb.

The Doctors and Tailors wiped out their old bills; The Lumber Dispensaries made free with their stills; And River and Light rates were now cut in two, There were two lots of coal now where only one "grew." And dressmakers made ninety dollars a week— Truly man was plenty for all who would seek; But, a range of all, we must now here relate, That Chain Stores scales sagged with their actual weight. A bond was signed murching with banners of Gold, As Stevens returned proudly back to the fold.

The Election was over—and all through the House Not a Tory was even big as a mouse. When Division Bells rang out on Parliament Hill, Conservative quarters were empty and still. Twice as many a day for the fate of the Tory When Bennett related his trick Bedtime Story.

—Nova Scotia Exchange.

## CORRESPONDENCE

Chresholm, Alberta,  
October 5, 1935.

Dear Editor: I trust you will give me space in your columns to express a few of my views to the electors of this constituency.

In these days when so much is being heard about monetary reform and Social Credit, I would like to remind you it was the "Ginger Group" of the U.F.A. members, that started this monetary reform movement back in 1923. It was the first time in history of Parliament the "Bankers" were seriously challenged and an attempt made to improve the banking system. Also in that same year they had Major Douglas brought as a witness before the Banking Committee at Ottawa. Since that time they have kept alive the agitation for Monetary Reform and almost every year have sponsored some resolution along that line.

They were the pioneers in advocating Social Credit principles at Ottawa. They supported these principles when they were unpopular and against the opposition of both the old line parties. Mr. Coote personally moved two separate resolutions asking for the use of Canada's Social Credit to finance the needs of the Dominion and particularly for the financing of a National Superannuation System for all our people. Their aim was to give economic security to every citizen. Only last session Mr. Coote advocated Superannuation at the rate of \$50.00 per month for every man and woman over the age of 55 or 60 who is willing to retire from gainful employment, making jobs available for three hundred thousand of our sons and daughters. Other reforms which were advocated by the U.F.A. group were:

Social Insurance against sickness, disability, etc., and crop insurance for farmers. More adequate pensions provided for war-veterans. Public ownership of the Central Bank. Housing commission to provide modern homes. Lower interest rates. Better prices for farm products. Lower tariffs on motor cars and trucks, also farm machinery, etc. These are only a part of the program of reform that they have advocated.

I ask you not to forget their work in securing a National Wheat Board, the retention of the Crows' Nest Pass Grain Rates which have saved the west millions of dollars since 1922, and their efforts at all times to secure a better deal for the citizens of Western Canada.

For fourteen years Mr. Coote has served you to the best of his ability. The knowledge and experience he has

gained during these years will be used in your behalf if he is returned as your representative on October 14th.

I wish to thank the electors for their support in the past and trust you will support the man who has given you unstinted service during his term at Ottawa.

Yours very truly,  
W. J. HARPER,  
President, Mackled Federal Constituency Association of U.F.A.

## VOTE FOR

Geo. G. Coote

Because—

HE HAS always supported any movement to enlarge the Market for Alberta Coal.

HE HAS been one of the outstanding advocates of MONETARY REFORM.

HE HAS urged the use of the Social Credit of the Dominion to pay adequate pensions to persons over 55 years and for other Social Services.

SHOW YOUR APPRECIATION  
of 14 years Faithful and Efficient Service by  
Voting for Him on October 14th

Published by the U.F.A. Executive, Mackled Federal Constituency.

A news item in last Thursday's Lethbridge Herald stated that "work had already commenced on the Sarrtoris garage, Blairmore." That work was started considerably over a month ago, and the building will shortly receive its finishing touches.

"I won't wash my face!" said Dolly, defiantly. "Naughty, naughty," retorted her grandmother. "When I was a 'little girl I always washed my face."

Dolly: "Yes, and now look at it."

### COWLEY HAPPENINGS

A dance will be held in the Tenny-  
son schoolhouse on this Friday even-  
ing, we understand sponsored by the  
softball club.

About fifty-five were in attendance  
at the United church on Sunday  
morning, the largest for some time.

A number of Cowley people have  
been on the move the past week, with  
Mr. and Mrs. Nelson Askew moving  
into the manse, Mr. and Mrs. Mais-  
soneuve and family moving into the  
old bank building and Mrs. Jim Smith  
into Mrs. S. Tustian's house.

Threshing was held up in this dis-  
trict again by a snow storm the  
early part of the week.

The dance sponsored by the Cowley  
girls' club, to be held on the 11th,  
was postponed and will take place in  
the Wilson hall on the night of the  
25th.

Eddie Smyth was a week-end visit-  
or to Calgary.

Brad Tustian, while on a visit to  
relatives in Manitoulin Island, at-  
tended the world's baseball series at  
Detroit and Chicago.

Arthur Tustian was a recent visit-  
or to Calgary.

Mrs. Robert Littleton has returned  
from a visit with friends at Kimber-  
ley, B.C.

Mrs. I. Christie spent a few days  
visiting in Calgary this week.

A whist drive, sponsored by the  
Cowley girls' club was held in the  
Masonic hall on Friday evening.  
Prizes were won by Miss Jessie Snyder,  
ladies' first; consolation, Miss  
Muriel Marlow; gents' first, Master  
Gordon Swart; consolation, Stanley  
Snyder. After luncheon, dancing was  
indulged in for a couple of hours.

Harvest Home services were held  
in the Anglican church on Sunday  
afternoon last, Rev. Mr. Jeffcott of-  
ficiating.

The vacancy on the local teaching  
staff, caused by the resignation of  
Miss Jean Morrison, is now filled by  
Miss Madeleine Hewitt, of Blairmore.

Miss Selma Wood, owing to ill  
health, has resigned her position as  
teacher in this district, and is now  
home with her parents for a rest.

The ladies' handicraft club was en-  
tertained by Mrs. M. A. Murphy at  
her home on Wednesday evening last.

Miss Isa Wood, who is engaged as  
teacher of the Turin village school,  
spent the week end with her parents  
here.

The Ladies' Aid of the United church  
held a meeting at the home of  
Mrs. W. Tustian on Thursday after-  
noon, a good number being present.

### MOTOR ASSOCIATION WARNS DRIVERS OF CARBON MONOXIDE

At this season of the year and  
later on, motorists are urged by the  
Alberta Motor Association to give  
great attention to car driving precau-  
tions. Not only should the driver be  
careful to avoid accidents from skid-  
ing or other causes but he also  
should be mindful of the deadly car-  
bon monoxide fumes that lurk in  
some cars.

Each year, often beginning with  
the fall, several hundred people in  
Canada and the United States lose  
their lives from carbon monoxide in  
their cars. Alberta is on the list  
which shows the heavy toll all over  
this country annually.

Deaths usually occur as the result  
of a car being operated within a gar-  
age with closed doors, often uninten-  
tionally.

When a test was held recently it  
was found that approximately one-  
half of the vehicles contained varying  
quantities of carbon monoxide. This  
should be a warning to all, as the pres-  
ence of any carbon monoxide in the  
car is clear proof that a defective  
condition exists.

The Alberta Motor Association  
urges that car conditions should be  
checked in order to eliminate such  
hazards as carbon monoxide. There  
should be a periodical examination of  
the entire exhaust system with im-  
mediate replacement of leaky gaskets  
or connections, together with a simi-  
lar inspection of floor boards and  
bulkhead.

### BELLEVUE HAPPENINGS

Little Enid Sirrett had the misfor-  
tune to fall from a teeter totter while  
at school on Friday and fracture her  
arm.

Mrs. E. C. Costack is a Calgary  
visitor this week.

The town was shocked on Sunday  
morning to learn of the sudden pass-  
ing of Joseph Strauch, local school  
teacher. Joe, who was apparently in  
good health, attended the picture  
show and later the dance on Satur-  
day night. On Sunday morning Joe's  
grandmother went to call him for  
breakfast, finding him dead. The ap-  
parent cause of death was a heart  
attack. The remains were laid to  
rest in the Bellevue cemetery on  
Wednesday afternoon, the funeral be-  
ing very largely attended. Mr.  
Strauch was engaged by the local  
school board during the holiday pe-  
riod to fill a vacancy at the Maple  
Leaf school, and had only been teach-  
ing five weeks.

Mr. and Mrs. C. W. Johnson were  
Crainbrook visitors on Sunday last.

Mrs. Geo. Knowles, who has been  
visiting her daughters here, returned  
to Vancouver last Thursday.

Mrs. J. Hill entertained a number  
of friends at her home on Monday  
afternoon.

J. L. Cousins is a Calgary  
visitor this week.

Mr. and Mrs. F. Woodhouse and  
Mr. and Mrs. Reid, of Fernie, B.C.,  
were guests at the home of Mr. and  
Mrs. H. Harrison during the week.

### FISHER—FABRO

The Sacred Heart Church on Mon-  
day at 10 a.m. was the scene of a very  
pretty wedding, when Rev. Father  
Michels, O.M.I., read the nuptials  
mass, uniting in marriage Frances,  
youngest daughter of Mrs. Lucia Fabro  
and the late Joseph Fabro, and  
Robert Fisher, son of Mrs. Elizabeth  
Fisher and the late William Fisher,  
of Bellevue, Alta.

The bride entered the church on the  
arm of her brother, Bruno Fabro, to  
the strains of the wedding march  
played by Mrs. A. Lauzon. She  
was gown in white satin with her  
veil, worn cap style, kept in place by  
orange blossoms, and carried a  
bouquet of pink and white carnations  
and maiden-hair fern.

Miss Vilma Zak, as bridesmaid,  
wore a blue point d'esprit net dress  
with velvet trimmings and blue mo-  
hair hat to match. Her bouquet was  
of pink snapdragons. Mr. Milo Fabro  
supported the groom.

A wedding breakfast was held im-  
mediately after the ceremony at the  
bride's home for relatives and im-  
mediate friends.

The happy couple left in the after-  
noon to spend their honeymoon in  
Calgary, and will take up residence  
in Kimberley on their return.—Kim-  
berley Courier.

Miss Fabro (Fanny) was a for-  
mer resident of Blairmore and Lillie.

The number of hogs graded in Can-  
ada for the thirty-eight weeks of  
1935, to Sept. 19, was 2,063,391.

## Change And Rest

During the past two or three weeks radio fans, no doubt, have become rather tired of listening to the pleas and plaints of the politicians who have been making the welkin ring with appeals for support for the candidates of their choice, with fulsome praise for the policies of their own party and thunderous denunciations of the fulminations, fallacies and falsehoods of their opponents.

It was not very long ago that the opportunity afforded the farmer in the country and the citizen of the small town or village to absorb political knowledge and information—and sometimes misinformation—was restricted to one or two meetings during the campaign in the little school house on the other side of the pasture field or in the hall over the hardware store.

It often meant that the country resident had an opportunity of hearing only one side of the political story. A heavy fall of snow, a deluge of rain, the necessity of remaining home to act as nurse to a sick cow or to entertain unexpected visitors—all these and many other things—intervened to make it impossible to attend a second meeting and hear what the opposition had to say.

All that has been changed now. The politician has discovered the radio and the ability it gives him to reach into the homes of the land and pour forth his message, wily, nifty, into the ears of willing and unwilling listeners alike. And he took advantage of this facility to the nth degree during the Federal election campaign. Never in the history of Western Canada has the radio been brought into requisition so extensively to preach the gospel of tariff, internal reform, social credit, currency changes and what not as the solution to the ills to which the country has been, is and will be, a prey.

If the country and small town voter in the past has had to make up his mind how to cast his ballot on a meagre diet of data and information and, as was said just now, sometimes misinformation, to-day this condition is entirely reversed, thanks to the radio. By this time the average voter, who has not deliberately "tuned out" too often, certainly cannot claim that he had no opportunity of studying the issues which have been presented "over the air" in great diversity and with much frequency.

It is quite possible, on the other hand, that he may have more ground for complaint that the diet has been too heavy, decidedly mixed, in fact, that he has been surfeited with so much information, partial information and misinformation that the issues, instead of being clarified became more and more confusing with succeeding broadcasts.

While the radio can be thanked for having done much to make available to the electors a great deal of knowledge, on the other hand as a disseminator of political platforms and policies and party propaganda it has some disadvantages.

One of the disadvantages is the tendency, on the part of a considerable percentage of political radio lecturers to gabble their speeches at a speed comparable to the recent automobile record established by Sir Malcolm Campbell. To the listener at the receiving end it appears as though the speaker had back of his mind something like the following:

"I am paying, or the party is paying (as the case may be) a dollar a minute for this. I am only allotted ten minutes and for the love of Mike (short for microphone) I've got to jam as much across the air in that time as my breathing apparatus will permit and get the greatest possible value for the money."

As a result the gentleman on the receiving end is lucky if he is able to catch more than one sentence out of every three and to absorb more than one of every six.

The political marathoner appears to forget, too often, that what counts is what he is able to plant in a receptive mind at the other end and not the number of words that he can shout into the mike—poor Mike—in a given number of minutes.

The political expounder also seemingly too often forgets that he starts on his race with a serious handicap compared with the platform orator at a public gathering. The latter is able to point his remarks or to emphasize his periods with a shrug of the shoulder, a lift of the hands or a flash of the eye and these devices, used with discretion, help the speaker to impress his views on the listener.

To the radio speaker all these and other devices of gesture, and personality of appearance and mien, are denied and he must rely solely on inflection of voice, distinct articulation and pause, for effect, and if he does not make full use of these his message may be nearly a total loss.

After a few weeks of repetition of political dietary the average radio fan may well be pardoned if he heaves a sigh of relief as he twiddles the dials and finds himself into his consciousness the pleasing strains of a first-class orchestra, the well modulated tones of the players in a radio drama or even, the thump of the drums and skirl of the bagpipers.

A change is as good as a rest.

## Arctic Cruise

### Discover Evidence Of Early Migrations Of Eskimo Tribes

Long sought for information about the early migrations of Eskimo tribes may be disclosed by material gathered by Douglas Leechman of the National Museum of Canada during the 14th annual Arctic cruise of the steamship Naupac, which returned recently from the north. Mr. Leechman said he had excavated a ruined Eskimo village on Button Island, north of Port Burwell. His work brought to light buried huts, weapons, tools and utensils that may be linked with discoveries made in other sections of the great northlands.

Open-air schools in London now accommodate 1627 pupils.

## Palestine Is Progressing

### But Men Newcomers Outnumber Women Two To One

Zionism in one way leads the world, for in Palestine there is no unemployment. There is work for all in the great program of building and of wasteland reclamation now in progress. Money from the outside continues to pour in, and adequate funds are available. But it has run into an unexpected difficulty. Among the newcomers the men outnumber the women two to one. It is the same experience so many lands have had. There is an alarming shortage of wives for the young men. That happened in the early days of Virginia, when it was necessary to send shiploads of marriageable girls to bring society to its proper equilibrium. History may repeat itself—Cincinnati Enquirer.

## Good Guernsey Record

The four-year-old Guernsey cow Lark of Chilcote, owned by Dr. W. E. Wesels, Milner, B.C., has just completed an outstanding production record of 11,435 lbs. of milk and 624 lbs. of butter fat on twice-a-day milking, in 365 days.

Only 11 of the recognized chemical elements were known when Columbus discovered America. 219

## Commission Of Agriculture

**International Organization Holds General Assembly In Belgium**

The International Commission of Agriculture which embraces the International Union of Agricultural Associations representing agriculture in all parts of the world, held its general assembly at Brussels and Ghent, Belgium, recently. The League of Nations, the International Labor Office, the International Institute of Agriculture, and the International Co-operative Alliance were represented, together with 110 delegates from various agricultural organizations in different parts of the world. The three principal questions before the Commission were the organization of agricultural production under planned economy, the edible fats problem, and the limitation of pig breeding and fattening, with reference to the special pig breeding attempts being made in Denmark and Holland.

The assembly devoted special attention to the present world condition of agriculture, arriving at the conclusion that in spite of the fact that several measures had been taken in various countries since 1932, the condition of agriculture had not improved, in most countries. Therefore, the Commission adopted a declaration insisting upon the different requests of its Lausanne declaration and setting up new proposals. In effect, this means that the two main problems to be solved in order to overcome the agricultural crisis are those of wheat and edible fats. On the one hand, the Commission is convinced that the London Wheat Agreement (1933) ought to be prolonged and improved, while, on the other hand, as regards edible fats, the old civilized countries ought to take measures, or improve the existing measures, to prevent the consumption of tropical fats and whale oil where they handicap the normal consumption of butter and lard. The Commission's declaration also lays stress upon the necessity of improving the prices of agricultural production as well as increasing consumption. The next assembly of the Commission will take place in Oslo, Norway, in 1936.

## Wheat Shortage

### United States Will Have To Buy Considerable Quantity From Canada

The world wheat surplus this year will be the smallest in 13 years, the United States department of agriculture estimated recently. The wheat supply will be about 330,000,000 bushels less than in 1934-35, due to short crops in Argentina, Australia and the United States.

Department officials agreed considerable amounts of high grade wheat to mix with the United States supply would have to be imported during the coming year from Canada. With almost two-thirds of the world carryover in the Dominion, its wheat holdings will "dominate world markets," the department said.

The world wheat production was estimated at about 3,400,000,000 bushels and the world carryover outside of Russia, at 800,000,000 bushels, or a total of about 4,200,000,000 bushels. Production last year was 3,469,000,000 bushels and carryover 1,100,000,000 bushels, or a total of about 4,569,000,000 bushels.

The short crops this year will reduce world carryover by the end of this season to between 400,000,000 and 500,000,000 bushels, or not much more than normal world carryover prior to 1928.

## Epidemic Of Measles

### Disease Spreads Among Indians From Yukon To Fort Chipewyan

Starting in the Yukon last spring, a severe epidemic of measles has spread up the Mackenzie river basin and now has reached as far south as Fort Chipewyan, causing heavy loss but few deaths among the Indian tribes scattered throughout the area, according to R. H. G. Bonnyette, manager of the western Arctic division, Hudson's Bay Company, who arrived after a summer in the far north.

## A New Experiment

Dr. B. S. Brukhonenko, who has been experimenting in the revivification of animals, announced that a new state scientific institute is being organized at Moscow for experimental work looking toward the revival of human beings after "incomplete death." He explained "incomplete death" is death such as from accidents where the vital organs remain intact.

The five Canadian manufacturing companies specializing in lawn mowers produced 24 669 machines in 1934.

## Striving To Reach Goal

### Scientists Hope To Bombard Stratosphere With Speedy Rockets

Col. Charles A. Lindbergh, who mixes science with aviation, and Harry F. Guggenheim, the financier, gave the outside world a hint of the importance of stratospheric experiments which may send rockets streaking into the stratosphere at super-speeds. Tests at the desert laboratory of Dr. Robert H. Goddard brought Guggenheim's announcement that the Guggenheim Family Foundation would pour more funds into the enterprise.

The "important" problem of automatic stabilization of rockets in vertical flight already has been solved, it was reported authoritatively and projectiles have been fired in preliminary work at speeds approximately 700 miles an hour.

Dr. Goddard explained the success of numerous tests in which vertical flight of the rocket had been maintained by a gyroscope.

Renewed aid of the Foundation assured Dr. Goddard that now he may set out upon his prime objective: to send the rockets, propelled by liquid oxygen and gasoline into the outer space with recording instruments for stratospheric data of significant value to aviation and meteorology.

From a sixty-foot tower Dr. Goddard would shoot his twelve-foot rockets to altitudes greatly exceeding those which balloons are able to reach.

With his rockets he hopes to pierce the stratosphere in regions more than 30 miles high, so imperative to science, where electrical phenomena including ionization and the reflection of radio waves occur.

Astronomical photography without the interference of the earth's atmosphere would be another prized objective.

## Proved Their Efficiency

### Emperor Selassie Decorated Three Guards For Arresting Him

Emperor Haile Selassie was arrested by three of his palace guards in succession—and the three were decorated. The Emperor is in the habit of donning peasant costume and making surprise inspections of Addis Ababa at night. He returned to the palace after curfew and found three of the imperial guards barred. At each gate he was arrested by the sentry on duty and released only when a sergeant was called out.

## FASHION FANCIES

690

**SMART AND ENGLISH LOOKING SCHOOL DRESS WITH FLATS AND BUTTONS NECK TO HEM**

By Ellen Worth

Flats are used with delightful effect down the front of this school-girl's dress. Not only do they trim but also afford the necessary fullness to this model.

Plaided, woven in scarlet and brown with plain scarlet woolen trim made this cunning dress. The house buttons repeated the red tone. A cotton print in Dubonnet-red ground is another new and smart scheme for Fall dressing.

Style No. 690 is designed for sizes 6, 8, 10 and 12 years. Size 8 requires yards of material with 1/4 yard of 50-inch contrasting.

Patterns 15c each. Address mail orders to: Pattern Department, Winnipeg Newspaper Union, 176 McManis Ave. E., Winnipeg.

Let the new Fall and Winter Fashion Magazine assist you in assembling your family's fall clothes. There are designs for every type and every occasion. And of course one of our perfect-fitting patterns is obtainable for every design illustrated. Don't delay! Send for your copy to-day!

## Join the "Back to Ogden's" Movement

"Back to Ogden's!" That's the slogan "roll-your-owners" are shouting right across the country! They can now afford to get back to Ogden's—and they want to roll cigarettes on Ogden's Fine Cut alone can roll them. Join them yourself! Get a package of Ogden's and use "Chanticleer" or "Vogel" papers with it.

58 Poker Hands, any number, now accepted as a complete set.

**OGDEN'S**  
FINE CUT  
Your Pipe Knows Ogden's Cut Plug

## Sikorsky Flying Boat

### British Firm Secure Manufacturing Rights For Aircraft

British Aircraft Ltd., has acquired manufacturing license rights to the Sikorsky clipper flying boat, officials of the United Aircraft Corporation report.

Beyond affirming that the deal had been made with the Manchester, England, firm, United officials declined to enter into discussion about the negotiation between British Aircraft and the Sikorsky Aviation Corporation, of Bridgeport, Conn., which is a United member.

United officials did not comment upon a report that the four-motored craft are desired for use in Australia-New Zealand mail, express and passenger service. Sir Charles Kingsford-Smith, trans-oceanic flyer, was in Bridgeport recently during tests of the latest clipper ship. His presence there lent strength to the report of the Australian-New Zealand venture.

## Contribute Food For Troops

### Women Of Ethiopia Give According To Their Means

Patriotic women of Ethiopia, rich and poor alike, are prepared to contribute to the defenses of their country by supplying provisions to the troops.

The women's patriotic society has adopted a resolution declaring, "We the enemy looting to destroy us and take our wealth, let us prepare for the soldiers eager to defend our freedom what they need; for each soldier three kunnas (about half a bushel) of powdered bread; three of barley, one of cubed bread, fried in oil and one kubuya (one and half pints) of pepper, one of salt, one of bean flour, one of butter and one of coffee beans. Each must give according to the limit of her means."

## A Real Air Hero

### Navigator Of Jubilee Mail "Plane Awarded Air Cross"

In recognition of his gallantry while flying with Sir Charles Kingsford-Smith recently P. G. Taylor has been awarded the Air Cross. Taylor was navigator of the plane which Sir Charles was piloting between Australia and New Zealand with a load of Jubilee mails when engine trouble developed over the Tasman Sea. For a time it seemed as if the plane must crash, but Taylor volunteered to go out along the wing and transfer oil from an engine which had gone out of action to another engine which was showing signs of trouble. Time after time he crawled along an oil-smear strut to the engines and transferred oil in a flask, enabling the engine to hold out and the plane to land at Sydney.

## Takes Time For Tea

John Bull may complain that he is one of the most heavily taxed men in the world to-day, but certainly he is not one of the hardest worked.

An expert construction foreman, who recently returned to England after spending a number of years in Canada, writes:

"This is a terrible country to work in. We stop work at 10 a.m. and again at 3 p.m. and get a cup of tea. They certainly don't know what hard work is."

A century ago, before the automobile was even thought of, the British of Michigan multiplied its population seven times in the decade from 1830 to 1840.

## British Naval Program

### Calling For Bids For Twenty-One Fighting Ships

Great Britain began calling for bids on 21 ships embraced by her 1935 naval building program.

Seven million pounds sterling (\$50,000,000) will be required for the 1935 construction program, it was estimated. This program falls within the limitations of the Washington naval treaty and is designed to replace over-aged ships. The new ships will include three cruisers, nine destroyers, three submarines, one submarine depot ship, four sloops, one survey ship, and several smaller vessels.

Work on this program was expected to be spread over about three years. Some of the fighting vessels will be built by the royal dockyards, and the construction probably will be in full swing by next spring.

## Communication Boards

### Japanese Railway Has New Idea For Helping Passengers

A new idea in railway comfort adopted in Japan would add greatly to our travel if it were adopted in this country. In every station blackboards are provided on which an inscription states: "Passengers desiring to communicate with friends expected later are invited to write messages." Here are some of the messages: "I waited half an hour, then took the 10:50 to Kyoto." "Can't go to-day; please don't be angry." "Have gone to restaurant, second floor." "Evidently, trouble is suggested by this note." "My husband returned. Come next week."

## Easy To Be Safe

### Explorer Finds Cannibals Will Not Eat Man Who Smokes

Safety measures are being taken by an explorer against being eaten by cannibals. "Cannibals won't eat people who smoke," he thinks it impairs their flavor," declared Dr. Edgar de la Rue, French geologist, on landing in New York from France on his way to the Cannibal Islands of the New Hebrides. Dr. de la Rue said that he had it as a wise precaution to take plenty of tobacco with him on his visits to the islands. He goes there for the purpose of making a survey for the Natural History Museum of France.

## Squirrel Put Out Lights

Seven villages in Madison and Onondaga counties, New York, used lanterns and candles for nearly five hours all because a grey squirrel clung to a grounded part of a power pole and stuck its nose against a wire. One of the wires was burned through.

## LAME BACK

Gin Pills give prompt relief from backache resulting from deranged kidneys. They soothe and heal irritated tissues and assist the kidneys in their function of eliminating poisonous waste matter from the system.

**GIN PILLS**

FOR THE KIDNEYS

## ITALIAN FLYERS START WAR WITH BOMBARDMENT

Addis Ababa.—The Ethiopian government announced invading Italian flyers bombed historic Addis Ababa killing women and children, signaling the start of a long-awaited war.

A general mobilization order called Ethiopia's warriors to the colors. The emperor's minister had been given his passport, they were with hand pending the arrival of Italian consuls from the provinces.

A special train to carry the diplomat from the country was cancelled but officials said: "We may give the passports at any time." The emperor's imperial guard was thrown about the Italian legion to safeguard it.

Emperor Haile Selassie telegraphed a full report to the League of Nations. He asserted a Red Cross hospital was the target of Italian bombs and appealed to world opinion to condemn such tactics.

A government announcement said 100 houses at Addis Ababa and 15 at Adawa, where Ethiopia crushed the Italian 40 years ago, were destroyed. Casualties were unknown, the announcement said, but it was believed the Italians occupied the entire town of Adawa.

(A semi-official source in Rome confirmed that an artillery fortress in Adawa had been bombed. It was said the attack was in retaliation for Ethiopian fire upon an Italian aerial squadron patrolling the border.)

(The Exchange Telegraph Agency in London reported 1,700 persons had been killed and wounded in the bombardment of Adawa.)

Ethiopians said they believed that inhabitants were not warned of the attack and that it was intended to invite reprisals on Italians in the country, in an attempt to justify an Italian invasion.

Anti-aircraft guns around the capital in target practice used real bullets for the first time. Troops patrolled the city, while many foreigners sought refuge in the various legations.

Natives maintained their traditional Oriental calm. Addis Ababa was bathed in sunshine with the rainy season at its peak.

Haile Selassie was understood to have dispatched four regiments of 50,000 soldiers to Adawa to meet a possible Italian attack near Mussa Ali, where Ethiopia claims Italian troops have already penetrated. The mobilization proclamation of the King of Kings was read from the palace balcony by the chancellor, Haile Woldegiorgis, after a session of the crown council. Drums and town criers carried news of the mobilization.

## Salute From Crown Prince

See Denial Of Rapture With Fascist Movement

Naples.—Crown Prince Umberto emerged at the Italian mobilization as a staunch Fascist.

After listening to Il Duce's stirring speech, thousands of Neapolitans assembled at the royal palace and called for the crown prince. Umberto stepped to a palace balcony and as the throng cheered wildly gave the Fascist salute three times.

The Neapolitans saw in this gesture a final denial of recent reports of a rupture between the crown prince and Il Duce.

## Faces Perjury Charge

Drumheller, Alta.—John Shalay of Newcastle, alleged to have falsely sworn he was a British subject when voting in the Alberta election August 22, was remanded for trial at the November sittings of the supreme court when he appeared before Magistrate L. O'Connor on a charge of perjury. He was freed on \$2,000 bail.

## Not Admitted

Calgary.—Proposal that former soldiers of countries opposed to the Allies during the Great War be admitted to membership in the Canadian Legion, British Empire Service League, has been voted down by the Calgary branch of the legion. The resolution would have given Germans, Austrians and Turkish war veterans full privileges of legion membership.

## Retire Civil Servants

Edmonton.—Some 32 civil service members who have reached the age limit will be retired immediately, with but few exceptions, Premier Abernethy announced following a cabinet meeting. In a few cases, the officials will remain possibly a month to complete their work.

## Co-Operation Is Asked

Election Officers Requested To Send In Results Promptly

Ottawa.—Election officers should be quick to send in their results, the Canadian Press by promptly collected, accurate returns of the Dominion elections on October 14, said Jules Castonguay, chief electoral officer.

"Every election officer and particularly every deputy returning officer and poll clerk should do whatever he can to furnish to the Canadian Press, newspapers and their accredited correspondents, as early in the evening as possible, accurate statements of the results of the vote at every polling station," he said.

Mr. Castonguay pointed out that when deputies complete their statements of the result at each polling station the information they contain is public property.

The chief electoral officer continued: "Every deputy and poll clerk as well as every candidate's agent should do what lies in his power to notify the figures to the press and to the candidate's organization with the least possible delay."

The chief electoral officer included in ballot boxes instructions to deputy returning officers to co-operate with the Canadian Press and its accredited correspondents and repeated these instructions to returning officers.

## Studying New Proposal

Winnipeg May Decide To Electify Its Street Signs

Winnipeg.—Having taken a deep breath and blinked its collective eyes, Winnipeg's public utilities committee studied anew a proposal for renovation of city street identification—at a cost of \$150,000. Although the committee agreed, it did not definitely recommend the matter was referred to the city engineer for a report.

In brief, it was proposed Winnipeg erect illuminated signs, two to three feet in diameter, at all intersections. Street would be designated by blue lights; avenues by red, the names spelled in light easily visible to pedestrians and motorists.

It was estimated 15,000 to 20,000 intersection standards would need to be erected, at a cost of \$100 per in installation. An assessment of five cents monthly on every home would take care of the expenditure, the scheme's sponsors claimed, and the public-owned hydro system would gain \$150,000 annual revenue.

## Trouble In India

British Concentrate Forces In The Province Of Peshawar

Bombay.—Arrangements for some concentration of forces were made by the British government for India as a result of trouble in the north west province of Peshawar.

Several army units have been ordered to stand by for orders. Their leaves cancelled, 800 officers have been ordered to return to active duty. The Somerset light infantry regiment was embarked for an unannounced destination.

The government, it was said, planned to introduce legislation making permanent the emergency orderances issued several months ago.

## Round The World Flight

Clyde Pangborn Contemplates Trip Over Northern Route

Bismarck, N.D.—Clyde Pangborn's contemplated non-stop world flight next fall, he said here, will be a 110-hour trip if all goes well, on a northern route.

"I'll skip Japan this time," he said, recalling two months spent in a Japanese prison in 1931 for flying over a fortified area without official sanction. Pangborn, now on a commercial flight, was en route to New York.

## Flyers Go To Gibraltar

Thirty Men Added To Royal Air Force Detachment

Gibraltar.—Thirty British flyers have been added to the Royal Air Force detachment stationed here. The flyers arrived on the steamer Kaiser-I-Hind, on which Air Marshal Sir Robert Brooke-Popham also was a passenger. Sir Robert, commander-in-chief of Britain's air defence forces, conferred with flying officers and then left on the same liner for Malta.

## Investigator Is Stumped

Windsor, Ont.—Ald. O. E. Fleming, delegated over a week ago to investigate working conditions at the Windsor market, is stumped. Everything in the market books is written in Hebrew, said the alderman. Now we need a Hebrew expert. 2119

## New Cancer Treatment

Kingston Doctor's Method Is Receiving Attention

Montreal.—A treatment for cancer, in which malignant cells are said to be digested by a method resembling the natural digestive processes of the human body, is described in the Canadian Medical Association Journal by Hendry C. Connell, M.D., of Kingston, Ont.

The Journal, official organ of the Canadian Medical Association, prints also a column editorial stating that Connell's work "cannot be lightly passed by."

His report described 29 human beings, all given up to die of cancer, injected intra-muscularly with his digested fluid in May, June, July and August, this year.

Two have returned to work apparently well. Four died. The pain of five is completely gone. The pain of nine others is less. In a number of cases the cancerous growths appear smaller.

In about one-third of the cases little change is apparent.

## BRITISH LABOR PARTY IN FAVOR OF SANCTIONS

Brighton, England.—The British Labor party lined up in favor of the use of full League of Nations sanctions, even of a military nature, in the event of Italian aggression in Africa. By a margin of 20 to one the party supported the recent action of the International Trade Union Federation.

The decision of Great Britain's strongest opposition party was taken as press headlines told of the first alleged violation of Ethiopia's frontiers.

The vote, taken by a card ballot at the party's annual conference, showed 2,168,000 for sanctions to 102,000 against.

The vote was greeted with resounding cheers from the convention floor, which had been for a day the scene of a bitter contest by a relay of speakers.

Herbert Morrison, winding up the debate for adherence for the use of sanctions, asserted:

"Military sanctions cannot be ruled out. If they are ruled out you may weaken the power for peace of the league."

## Livestock Men To Vote

Prairie Producers Will Give Decision On Marketing Schemes

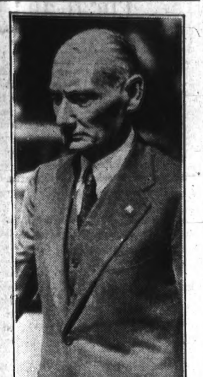

Saskatoon, Sask.—Preparations are under way for a vote of livestock producers in Saskatchewan, Alberta and Manitoba on proposed marketing schemes, the vote to be taken during the first week of December, the Saskatchewan livestock pool announces.

At a meeting of the executive from the three prairie provinces with Mr. Leitch, the chairman of the marketing board, held in Regina, it was revealed that details of the schemes for the three provinces were completed. It is understood that the schemes are practically identical except for the application to local conditions.

## Manitoba Road Program

Brandon, Man.—The hard-surfacing road programme is proceeding eastward at the rate of about one mile a day, and the contractors are nearing Chater. The No. 1 highway job between Sydney and Brandon will be completed this fall and if weather conditions hold good. There are some rumors that the governments are contemplating the hard-surfacing of No. 1 highway west to the Saskatchewan boundary, next year.

## ITALY'S DELEGATE

Here is a close-up of Baron Aloisi, Mussolini's delegate at Geneva, who is very much in the news at the present time.

## Conspirators In Revolt

Plot To Kill King Of Bulgaria Is Nipped

Sofia, Bulgaria.—Conspirators in a revolt which the government claimed it had nipped, planned to assassinate King Boris III, it was learned upon good authority.

There were no official revelations of details of the plot, that an attack was to have been made on the king as he appeared before his subjects to review a parade in celebration of the anniversary of his accession to the throne. Army officers were among a number of persons arrested.

Marching soldiers were to have been without ammunition, to have understood, and in the confusion following the attack the plotters hoped to take control of the arsenal and public buildings.

At the same time the capital learned of the conspiracy, it received a report from Burgas saying former premier Kimon Georgiev was arrested there, the second time he has been in custody this year.

Sofia was under a rule of bayonets with martial law declared throughout the country and the capital itself under a state of siege.

## Food Shortage

Enforce Regulations Against Food Hoarding In Germany

Berlin.—The shortage of butter, milk, lard and other basic foodstuffs became acute in Germany as authorities moved to replenish dwindling supplies and enforce regulations against food hoarding.

Long lines of shoppers formed at dairies and butchers' shops demanding milk, lard and other food. Police were stationed at the stores to see rationing regulations were enforced. During the last few days dairies have been rationing food, selling only a quarter of a pound of butter for each family.

The government arranged to import 500 hogs weekly from the Netherlands. A large order for lard also was placed with Dutch dealers. The last farm census showed 22,500, 000 hogs in Germany compared with 25,000,000 a year ago.

## Jap. Officers Poisoned

Okayama, Japan.—The poisoning of more than 300 officers and men and a majority of the 39th infantry regiment, two of whom died, caused the abandonment of the divisional manoeuvres in which the regiment was engaged. The poisoning was attributed to the eating of octopus considered a delicacy in Japan.

## BRITISH LABORITES RESIGN

Sir Stafford Cripps, left, and Lord Pombony, right, who have resigned from the executive committee of the British Labor party, in protest to the party's approval of the Government's policy, in demand of imposition of sanctions against Italy if Ethiopia is attacked.

## Ship War Materials

United States Reports Munitions Shipped To Italy

Washington.—The government reported that comparatively minor reports of flight equipment had been shipped from the United States to Italy but listed big shipments of material that goes into its making.

Secretary of State Hull, in whose department the new munitions control board functions, made available figures to show that only about \$340,000 in arms, cartridges, aeroplanes and aeroplane engines were shipped up to Sept. 23 this year, of which \$336,000 was in aeroplanes and engines.

Commerce department foreign trade figures for August, however, showed near record shipments of cotton "linters, useful for explosives; scrap iron and steel; trucks which could carry up, and tractors convertible into tanks. Most of the trucks went direct to Italian Africa.

## Ceremony For Hindenburg

Body Of Field Marshal Now In Permanent Resting Place

Berlin.—The body of Former President Paul von Hindenburg has been transferred from a side tower of the Tannenberg memorial in East Prussia to a permanent resting place in the main tower of the great structure erected to commemorate the field marshal's most famous battle. The ceremony was carried out with great military pomp in the presence of Reichsfuehrer Hitler while the day—Von Hindenburg's birthday—anniversary was celebrated throughout the nation.

## SAYS ITALY IS PREPARED TO MEET WAR WITH WAR

Rome.—Benito Mussolini, his fists clenched, sternly pledged a mobilized Fascist nation to meet "war" with "war" if the League of Nations imposed military sanctions upon Italy.

High on the balcony of his Venezia palace, illuminated by flares, Il Duce spoke, he said, to "20,000,000 men mobilized in public squares throughout Italy."

"A solemn hour is about to strike in the history of the fatherland," Il Duce shouted.

His voice carried to 7,329 communities. Slowly, but forcefully, Premier Mussolini almost shouted each word with long pauses between them. Throughout there was the silence of an army on review, punctuated with the wildest cheering.

Benito Mussolini pledged his nation to meet force with force and to bear economic sanctions "with discipline."

"War," he said, "would be met with war." He said he did not believe "real French" or "genuine British" would execute sanctions against Italy.

"We will not pretend. To economic sanctions, we will reply with the discipline of our people. To military ones, we will reply with military action."

He declared: "Not only our army marches towards its goal, but 44,000,000 Italians are marching with the army."

Dramatically Mussolini pointed from his balcony to the monument of the unknown soldier.

He recalled "Italy's 600,000 war deaths" but told them that after war "only disillusion came."

"Black shirt men and women of Italy," said Mussolini, "I speak to 20,000,000 men and women. Not only our army marches towards its goal, but 44,000,000 Italians are marching with the army." He said Italy would respond to "war with war." He declared he did not believe that "the real French associate themselves with sanctions against Italy."

Mussolini said that the league "instead of recognizing Italy's rights, talks of sanctions." As he spoke of the "real French," he said: "I refuse to believe that the genuine Britons will associate themselves with sanctions to protect a barbarous people."

Red, white and black posters bearing Mussolini's profile were displayed on buildings proclaiming Italy's preference for peace but her readiness for war with some blunt language directed at Great Britain.

"Italy loves peace," said these posters, "but not unless it is founded on justice."

"We have had friendship from the English people—sincere friendship, a friendship through a course of years. But to-day we find it simply monstrous that this nation which dominates the world refuses us a poor strip in the poor land of Africa."

## CALL GOES FORTH TO STRENGTHEN BRITISH ARMS

Bournemouth, Eng.—Britain is rearming already, Neville Chamberlain, chancellor of the exchequer, declared here before the Conservative party's convention.

He called for unanimous support of the resolution on increasing Britain's defences, presented by Sir Edward Grigg and Winston Churchill. The resolution was adopted unanimously.

"As the other countries are not in agreement on disarming," Mr. Chamberlain said, "we must fill the gaps in our defence services to protect our security and enable us to meet our obligations."

"We do not support the League of Nations because it is the League of Nations. We support it because we expect it to prevent war by collective action. If it cannot do that, we should give up hope and start withdrawing, but first we should be thoroughly sure that it cannot fulfill our hopes."

Observers agreed that the party, despite expressed faith in collective security and the League of Nations, was convinced that in the last resort the security of Great Britain depends upon her own might.

Recalling the traditional military policy of the Conservatives, the resolution said: "This great duty once again falls upon us. The great dictatorship threatens our liberty."

"The very obligations of the League of Nations covenant oblige Great Britain to be strong, the resolution said, because "if we are not strong, there is no more hope for Geneva."

Chairs greeted an appeal for the issuance of a defence loan to pay for the rebuilding of the navy.

"Europe," said Churchill, first lord of the admiralty at the beginning of the Great War, "probably would not be in its present position had we not dissuaded to the point of danger. It is the duty of His Majesty's government forthwith to repair the serious deficiencies in the defence forces."

"This is the eleventh hour and I pray it is not too late." "Since this country," the resolution stated, "is no longer immune from sudden attack upon its great centres of population, its industries and its food supplies, and moreover is pledged to play its part in a system of collective security by the treaty of Locarno and the covenant of the League of Nations, His Majesty's government first, must at all costs provide that our naval and military and air services shall be adequate for the following two purposes:

"One to safeguard British territory and its sea-shore trade against aggression by any single power."

"Two, to carry out with loyalty and effect the British international obligations."

"Accordingly, that His Majesty's government should concentrate on a fresh task of reducing by international agreement the level at which national armaments are maintained."

The party also pledged its financial support to the government toward strengthening the defence forces.

## Gives Formal Consent

His Majesty The King Assents To Royal Marriage

London.—His Majesty the King gave formal assent to the marriage of his third son, the Duke of Gloucester, to Lady Alice Scott.

Consent to the marriage was given under the great seal of the realm, the token of executive sovereignty. The seal consists of two massive silver discs, elaborately engraved and hinged together. The cord which is attached to the document of consent is inserted between the discs and molten sealing wax poured in producing an impression as big as a muffin.

The privy council at which consent was given, lasted only a quarter of an hour. Attending were the Archbishop of Canterbury, Lord Rham, Prime Minister Baldwin, Ramsay MacDonald and Sir John Simon. Except for the ceremony of the formal consent, the day was occupied with routine business.

## Will Retain Name

Halifax.—In future there can be no further objection, legal or otherwise, to use of the name "Presbyterian Church in Canada," Rev. Dr. Frank Irwin of Pictou, N.S., told the meeting of the synod of the church. Dr. Irwin, clerk of the synod, said court decisions had settled the argument, which arose when some Presbyterians entered the United Church of Canada.

A dance will be held in the Lundbreck community hall on the night of Friday, October 25th, the proceeds of which will go towards the Christmas Tree fund. See bills and ad elsewhere in this issue for further particulars.

**Local and General Items**

The Editor will be pleased to receive items for this section, regarding visitors entertained, parties leaving for holidays or short trips, bridge parties, teas, etc. Phone items in to 11 or hand them in at The Enterprise office no later than Wednesday evenings.

The battle of the ballots takes place on Monday next.

Miss Jean Upton entered the local hospital this week and underwent an operation for appendicitis.

The philosophers urge us to step onward and upward, but the modern world is mostly interested in stepping out.

Defeating the Chicago Cubs in the final game of the world series 4-3, the Detroit Tigers won the world's baseball championship.

J. H. Turner, a miner working in the Mountain Park mine, was killed by a fall of rock on October 1st. He was forty-one years of age, and has a brother at Kamloops, B.C.

A newspaper heading last week read: "Bennett Going Back." Well, what of it, since there were thousands of Italians going back at the same time.

The regular monthly meeting of Crows' Nest Chapter, I.O.O.F., will be held in the Anglican hall on Monday evening next, October 14th, at 7.30.

With their long world tour but recently completed, Lord and Lady Baden-Powell leave England October 19th to visit the Scouts and Girl Guides in South Africa.

Keep Saturday, October 19th open for the Tea and Sale, under the auspices of Crowfoot Rebekah Lodge, No. 66, to be held in the Social Credit hall, from 3 to 6 p.m. Everybody welcome.

Dr. and Mrs. Elliott were down from Corbin on Monday to give the Blaimore golf course a final once-over for this season. They claim to have enjoyed their visit to this great metropolis.

Joseph Evano, charged with manslaughter in connection with the death of G. Linn in an automobile accident near Lundbreck on September 4th, was found "not guilty" by a jury at Macleod on Monday afternoon.

A Nova Scotia paper remarks: "When smoke gets in your eyes, vote Conservative." Well, there are various ways to read that item, and Bib says it means that "when blinded, vote Conservative." Anyhow, it doesn't matter.

What was practically our first snowfall for the season was welcomed on Tuesday morning. It has since somewhat disappeared. The thermometer registered 18 degrees of frost when the weather cleared yesterday morning.

The Ladies' Aid of Blaimore United church will hold their annual bazaar in the church basement on Saturday afternoon, November 2nd, from 3 to 6 o'clock. Many beautiful and useful articles, suitable for Christmas gifts, will be on display for your approval at this sale.

An item in our last issue, referring to a local relief recipient being cut off relief because of receiving a donation from private citizens, was published through a misunderstanding. The party had not been receiving relief, but his request for same through a member of the council was simply held over for council's consideration.

Several starters are assured in the whiskering contest to be run in conjunction with the Drumheller hockey carnival. Anyone who would like to enter the contest and can qualify by raising a good plump whisker, should get in touch with Dave Chertkov, Drumheller. Ladies are banned from this competition. The producer of the thickest, longest and most luxurious crop by October 24th will be awarded first prize—a bellows to blow the dust out of the whiskers.

An old maid is a flower that wasn't cultivated.

H. H. McKinnon, business college agent, charged with theft, was freed by the court at Macleod.

An exchange carries an item, "We are again favored with an adult teacher." Well, how old has a teacher to be to be considered an adult.

All the letters of the English alphabet are contained in this sentence: "Pack my bag with five or six dozen jugs of liquor."

Earls Court United church, Toronto, which has recently been remodelled and somewhat rebuilt, is to be named the Peter Bryce Hall. Rev. Dr. Peter Bryce was its first pastor.

Blaimore festival aspirants—Come and get some musical hints from Mrs. Claribel Hummingbird at the United church auditorium on Friday night, October 18th.

A preacher in Milton, Fla., is said to have raised a chicken with three legs. Well, if tradition is to be believed, that kind of chicken would just suit a preacher.

Sales of cattle at public yards in Canada during the first 34 weeks of 1935 were 439,335 head, compared with 387,215 for the corresponding period of 1934.

Annual HARVEST DANCE—Lundbreck hall, Friday, October 11th. Jerry Bastyan and his six-piece Marquis Orchestra, Lethbridge. Supper by ladies of St. Joseph's Altar Society, Cowley. Gents 75c, ladies 50c.

In order to help perpetuate the good old "garlic" names, down in Cape Breton, the MacDonalds are marrying the MacDonalds, the MacIsaacs the MacIsaacs, the MacPhersons the MacPhersons, and so on.

When asked if he would accept the nomination for the presidency of the United States, General Smedley Darlington (Old Gimlet Eye) Butler said: "Give me \$5,000,000 and I'll elect a Chinaman president."

Mrs. D. A. McKinnon, of Kimberley, motored to Coleman last week to meet her daughter, Miss Annie McKinnon, who arrived from Montreal, where she has been residing for the past two years. Miss McKinnon will spend a month in Kimberley before returning.

The discovery was made recently that wholesale vandalism had left the Lethbridge curling rink practically a wreck. About two hundred windows have been broken, and electric fittings destroyed. The vandals went so far as even to wrench the handles off sixteen rocks and to burn them in a bonfire made in the premises.

Milt Ray's coupe, after searching along both sides of Blaimore's famous main street for some months, finally found a hole in which it figured on reposing for a while. It took a kinda nose dive, but like a little tot covering its face forgot that the tail end was still exposed. A wrecking truck had to be commissioned to rescue the car.

Through a system of co-operation with several other institutions in town, we are undertaking a competition. It is in part this: We are offering a prize for the most competent loafer. The prize award will be made at the end of each month, and will take the form of a fabled medal. Conditions: To win the prize the contestant will have to loaf around and annoy busy people at least seven hours a day (no half shifts). We and the other institutions interested are installing time record clocks. Upon entering and departing have your ticket punched by the clock, showing exactly the length of time you have served.

Johnny Jenkins: "Shure, two's better'n one!"

We, too, received a lovely letter from R. B. Bennett this morning.

Capt. Beebe returned Thursday night last from a visit to the central States.
